SUBJECT: Agreement for Antennas on Willow High Water Tower
(Northern PCS Services)

PREPARED BY: Doug Rovang, Senior Civil Engineer

DR

ITEM DESCRIPTION:

A request has been received from Northern PCS Services, LLC (Northern PCS, hereafter) for approval to install a wireless communications facility at the Willow High Water Tower NW site.

The installation consists of approximately three-hundred-fifty (350) square feet of ground space, water tower exterior space for up to twelve (12) antenna equivalents (six di-mode antennas), space required for twelve (12) 2" cable runs to connect equipment and antennas, and non-exclusive easements for cable runs and site access.

Staff has prepared the attached proposed Site Agreement for the requested Northern PCS installation which contains typical RPU Site Agreement terms. The proposed annual rent would be \$12,222 for 2006 (pro-rated to reflect the December 1, 2006 commencement date) with annual adjustments thereafter based on the CPI-U to reflect future inflation. The initial term of the contract would extend through 12/31/11. Three additional five-year option periods are included, subject to termination notice by either the City or Northern PCS.

UTILITY BOARD ACTION REQUESTED:

Staff recommends the Utility Board approve the proposed Site Agreement with Northern PCS Services LLC for a wireless communications facility at the Willow High Water Tower site, and request the Mayor and City Clerk to execute the Site Agreement.

Real property comprised of approximately three-hundred-seventy-five (375) square feet of land, water tower ("Structure") exterior space for attachment of up to twelve (12) antenna equivalents (three quad-mode antennas) – two at the top of the Tower and one below the Tower water storage ball, space required for twelve (12) cable runs (not to exceed 7/8" diameter) to connect equipment and antennas, non-exclusive easements required to run utility lines/cables, a non-exclusive easement across CITY's property (hereinafter defined) for access in or upon the CITY's real property ("CITY's Property"). CITY's property is legally described and Leased Premises are shown in relationship to CITY's property in Exhibit "A" attached hereto, and the locations of the equipment and antennas on the Structure are depicted in Exhibit "B" attached hereto. (An "antenna equivalent" is defined as follows: a single transmit/receive antenna, a single transmit antenna, or a single receive antenna is considered an antenna equivalent. For example, a di-mode antenna is two antenna equivalents, a tri-mode antenna is three antenna equivalents, and a quad-mode antenna is four antenna equivalents.)

2. TERM. The initial term of this agreement shall commence on December 1, 2006, and shall terminate on December 31, 2011.
3. OPTION TERMS. LESSEE may extend the term of the Agreement for three (3) additional five (5) year option periods for each site. Unless (a) CITY delivers to LESSEE written notice of non-renewal to LESSEE no later than Three-Hundred-Sixty (360) days prior to the expiration of the Initial Term or applicable Option Period, or (b) LESSEE gives CITY written notice of its intention not to extend at least Three-Hundred-Sixty (360) days prior to the expiration of the then-current term, the applicable Option Period shall be deemed effective.
4. RENT. The LESSEE shall pay CITY first year prorated rent equivalent to an annual rent of Twelve-Thousand-Two-Hundred-Twenty-Two dollars (\$12,222) for 2006. (Rate subject to change if site quantity is modified.) The CITY will issue an invoice for each subsequent year's rent on or about March 1. The rental year shall run from January 1 to December 31 of each year. The rental amount shall be adjusted annually based on the

Consumer Price Index for All Urban Customers (CPI-U). If this Agreement is terminated for any reason other than LESSEE's default, any prepaid rents for the period after termination shall be refunded to LESSEE (or credited against any termination fee payable by LESSEE pursuant to Section 12 below).

5. **USE.** LESSEE may use the Leased Premises for the purpose of installing, removing, replacing, maintaining, modifying, altering and operating a communications facility. The manner in which the Communications Facility may be attached to the Leased Premises shall be documented in Exhibits A and B and any subsequent documents as needed, and is subject to the prior approval by CITY. Any proposed modifications or alterations to the CITY's structure that may affect its structural integrity shall be included in the documentation provided by the LESSEE and shall include plans and drawings signed by a professional structural engineer licensed in the State of Minnesota. CITY shall provide LESSEE with twenty-four (24) hour, seven (7) day a week year round access to the Leased Premises. LESSEE will pay all personal property taxes (if any) assessed against its Communications Facility. LESSEE will not allow any mechanics' or materialmens' liens to be placed on the Leased Premises as a result of its work on the Leased Premises.
6. **DUE DILIGENCE.** LESSEE, its agents and contractors, are hereby granted the right, at its sole cost and expense, to enter upon the CITY's Property and conduct such studies as LESSEE deems necessary to determine the Leased Premises' suitability for the Communications Facility. These studies may include surveys, soil tests, environmental evaluations, radio wave propagation measurements, field strength tests and such other analyses and studies as LESSEE deems necessary or desirable.
7. **UTILITIES.** The LESSEE shall operate its equipment on a separately metered electrical circuit. LESSEE shall establish accounts for electrical, telephone, or other utility services as needed and shall pay all costs associated with installation and service.
8. **GROUND LOCATED COMMUNICATIONS EQUIPMENT.** Equipment at ground level shall be located on a permanent steel platform raised approximately two feet above existing grade within a 14' by 25' screened, fenced area, all meeting Article 62.937 of CITY zoning regulations and all related CITY and Minnesota Building Code requirements. LESSEE shall maintain the platform and fence entirely at LESSEE's cost. LESSEE shall be responsible for all permits related to the ground located communications equipment. When the equipment at ground level is no longer of use to LESSEE, it shall be removed, and the property returned to its condition prior to installation of the equipment.
9. **REMOVAL OF COMMUNICATIONS FACILITY.** All personal property, trade fixtures, and improvements installed by LESSEE shall remain LESSEE's property and shall be removed, at no cost to CITY, by LESSEE within 60 days of the termination of this Agreement.
10. **INSURANCE.** LESSEE shall maintain commercial general liability insurance acceptable to the CITY, insuring LESSEE against liability for personal injury, death or damage to personal property arising out of use of the Leased Premises by LESSEE, with combined single limits of One Million and No/100 Dollars (\$1,000,000). LESSEE shall also maintain fire and extended coverage insurance insuring LESSEE's personal property for its full insurable value (subject to reasonable deductibles). LESSEE will list CITY as an additional insured on the commercial general liability policy to the extent allowed under paragraph 13, Indemnity, of this Agreement. Lessee will be allowed to self-insure for the amounts and types of insurance required herein. Lessee shall provide a certificate of self-insurance prior to commencement of operations.
11. **CONDITION OF PROPERTY.** CITY represents that CITY's Property is in as-is condition. If, in the CITY's judgment, the CITY's Property or Structure become unusable for its intended purpose of potable water storage due to condition or other factors, the CITY retains the right to cancel the contract with One Hundred Twenty (120) Days written notice to the LESSEE, notwithstanding any provisions herein to the contrary.
12. **TERMINATION.** This Agreement may be terminated by LESSEE for any reason without penalty upon six (6) months notice to CITY.

13. INDEMNITY. This indemnity shall not apply to any claims, actions, damages, obligations, liabilities and liens arising from any negligence or intentional misconduct of the indemnified party and shall survive the termination of this Agreement.
14. HAZARDOUS SUBSTANCES. CITY represents that CITY has no knowledge of any substance, chemical, or waste on CITY's Property that is identified as hazardous, toxic or dangerous in any applicable federal, state or local law or regulation. CITY shall hold LESSEE harmless from and indemnify LESSEE against any damage, loss, expense, response costs, or liability, including consultant fees and attorneys' fees resulting from the presence of hazardous substances on, under or around CITY's Property or resulting from hazardous substances being generated, stored, disposed of, or transported to, on, under, or around CITY's Property as long as the hazardous substances were not generated, stored, disposed of, or transported by LESSEE or its employees, agents or contractors.

16. CASUALTY. If any portion of CITY's Property or the Communications Facility is damaged by any casualty and such damage adversely affects LESSEE's use of the Leased Premises, this Agreement shall terminate as of the date of the casualty if LESSEE gives written notice of the same within thirty (30) days after LESSEE receives notice of such casualty, and any prepaid rent shall be refunded to LESSEE.
17. QUIET ENJOYMENT. LESSEE, upon performance of its obligations hereunder, shall peaceably and quietly have, hold and enjoy the Leased Premises. CITY shall not cause or permit any use of CITY's property that interferes with or impairs (a) the integrity of the Communications Facility and/or the Structure to which it is attached, or (b) the quality of the communication services being rendered by LESSEE from the Leased Premises. LESSEE shall not cause or permit any use of CITY's Property that interferes with or impairs (a) the integrity of the CITY's Property and/or the Structure to which it is attached, or (b) the use of the Structure for its intended purpose of potable water storage.
18. DEFAULT. Except as expressly limited hereby, CITY and LESSEE shall each have such remedies for the default of the other party hereto as may be provided at law or equity following written notice of such default and failure to cure the same within thirty (30) days.
19. INTERFERENCE. LESSEE's equipment shall be installed and operated in a manner, which does not cause interference to existing equipment. Should any such interference occur, LESSEE shall diligently pursue a cure to remove or satisfactorily attenuate such interference. If such interference to the existing equipment cannot be cured or satisfactorily attenuated, LESSEE agrees to immediately stop using its equipment if so demanded in writing by CITY. CITY hereby covenants to use reasonable effort to afford LESSEE similar protection from interference which may be caused by the operations of subsequent additional users of CITY's Property.
20. MISCELLANEOUS.
 - A. LESSEE agrees to provide a signed and notarized Acknowledgment of Corporation Authorized Signature as a part of this Agreement, indicating that the person signing the Agreement is an officer of the corporation or is authorized by the corporation's board of directors to bind the corporation to the contract.
