SIGNATURE: RPU's TOU Rate may give you the opportunity to lower your annual energy costs by changing when you use electricity. However, if you use excessive electricity during on-peak hours your costs may be higher while on this rate. To signify you understand and agree to the important terms associated with these rates, please enter your initials for each item and type your first and last names in the Customer Signature box below:

- I have read and understand the TOU Rate Requirements found in the RPU 2026-2027 Rate Schedule. (located at <https://www.rpu.org/my-account/rates-fees.php>)
- I understand the potential risks and rewards associated with the TOU Rate.
- I may need to alter the timing of EV charging and of my general electric usage to experience lower energy bills while on this rate.
- I know programming my EV charging between 10pm and 10am, and on the weekends, will reduce my charging costs.
- I know no refunds will be given if the rate results in a higher bill. I can decide to leave the TOU Rate at any time with a 45-day notice; however, I will not be allowed back on.
- I understand if I come off the TOU rate within one year, the bill credit I received will be charged back to my bill.
